INTRODUCTION TO FBLA COMPETITIVE EVENTS

Competitive events at the State Leadership Conference play an integral role in the mission of FBLA-PBL. They prepare students for successful careers in business by providing opportunities to apply classroom concepts in a workforce-simulated competitive environment. The competitive event guidelines and competencies that follow were created for competitors, advisers, and event judges.

Guidelines
Guidelines are grouped by component (i.e., objective tests, production tests, performance) and include an event overview, eligibilities, and instructions on how to compete. Specific guidelines are identified within the table, and general guidelines are identified following the table.

New, Modified, & Retired Events
To propose a new event, recommend an event modification, or suggest retiring an event, complete and submit the Recommendation for New/Modified Competitive Events form. Submit your recommendations.

GENERAL COMPETITIVE EVENT GUIDELINES

The general event guidelines below are applicable to all FBLA state competitive events. Please review and follow these guidelines when competing at the state level. When competing at the state level, check the state guidelines since they may differ.

All members and advisers are responsible for reading and following competitive event guidelines.

Eligibility

• **Dues:** Competitors must have paid FBLA national and state dues by 11:59 p.m. Eastern Time on March 1 of the current school year.

• **SLC Registration:** Participants must be registered for the SLC and pay the state conference registration fee in order to participate in competitive events.

• **Deadlines:** The state specialist will establish and communicate all deadline dates.

• Each competitor can only compete in one individual/team event and one chapter event.

• Each competitor must compete in all parts of an event for award eligibility.

• A team shall consist of two or three members. The exception is Parliamentary Procedure, which must be a team of four or five members.

• All members of a team must consist of individuals from the same chapter.

• If competitors are late for a competitive event, there are no guarantees they will get to compete. Competitive event schedules cannot be changed. PLEASE NOTE that competitive events start before the opening session of SLC.

• Competitors may be disqualified if they violate competitive event guidelines.

Repeat Competitors

**Competitors are not permitted to compete in an event more than once at the SLC unless one of the following circumstances applies:**

• **Modified Events:** A competitor may compete in the same event when the event is modified. Note, if the only modification is a name change, competitors may not compete in the renamed event.

• **Team Events:** One competitor of the team may have competed in the same event at one previous SLC; however, they may not compete more than twice in the event at the state level.

• **Chapter Events:** Competitors may compete in a chapter event more than once (American Enterprise Project, Community Service Project, Local Chapter Annual Business Report, and Partnership with Business Project).

• **Individual Entry:** A competitor who competed as an individual entry in a team event at the state level may compete in the same event a second time as part of a team, but not a second time as an individual.

• **Parliamentary Procedure:** Two competitors of the team may have competed in this event at a previous SLC; however, they may not compete more than twice at the state level.

Breaking Ties

• **Objective Tests:** Ties are broken by comparing the correct number of answers to the last 10 questions on the exam. If a tie remains, the competitor who completed the test in a shorter amount of time will place higher. If this does not break the tie, answers to the last 20 questions will be reviewed to determine the winner.

• **Objective and Production Tests:** The production test scores will be used to break a tie.

• **Objective Tests and Performances:** The objective test score will be used to break a tie based on the tie-breaking criteria of objective tests.

• **Reports/Projects and Performances:** The report/project scores will be used to break a tie.

• **Performances:** Judges must break ties and all judges’ decisions are final.
GENERAL COMPETITIVE EVENT GUIDELINES (continued)

**General**
- All prejudged projects and reports must be submitted electronically.
- All production tests must be uploaded online on the required platform.
