

Who's Who in FBLA

Category: Special Recognition

Type: Individual

Regulations

The nominee must

- be a senior
- submit the official application to the FBLA State Office two to three weeks prior to the State Leadership Conference, by an exact date to be established annually
- complete the Future level of the Business Achievement Awards.

State officers automatically earn recognition in this event; therefore, having a state officer does not prohibit a chapter from selecting an additional member for this honor.

No more than one percent of the membership will receive this award at the state level.

Eligibility

Each local chapter may nominate one member.

Judging

Applications will be reviewed in the FBLA State Office for adherence to the stated criteria for nomination. A panel of judges will select those to be recognized as recipients of Virginia Who's Who in FBLA awards. Of those selected, one person will be chosen to represent Virginia at the National Leadership Conference. All decisions of the judges are final.

Procedure

Criteria for selection of a nominee must include

- years of participation in FBLA activities
- extent of participation in regional, state, and national conferences
- offices, chairmanships, and committee memberships held
- contributions to local, state, and national projects
- participation in other activities
- recommendations supportive of the member's involvement in FBLA.

The number of awards presented will be determined by the judges and/or number of entries.

Forms relating to Who's Who in FBLA can also be found on the state website.
